AQUATIC PLANT MANAGEMENT

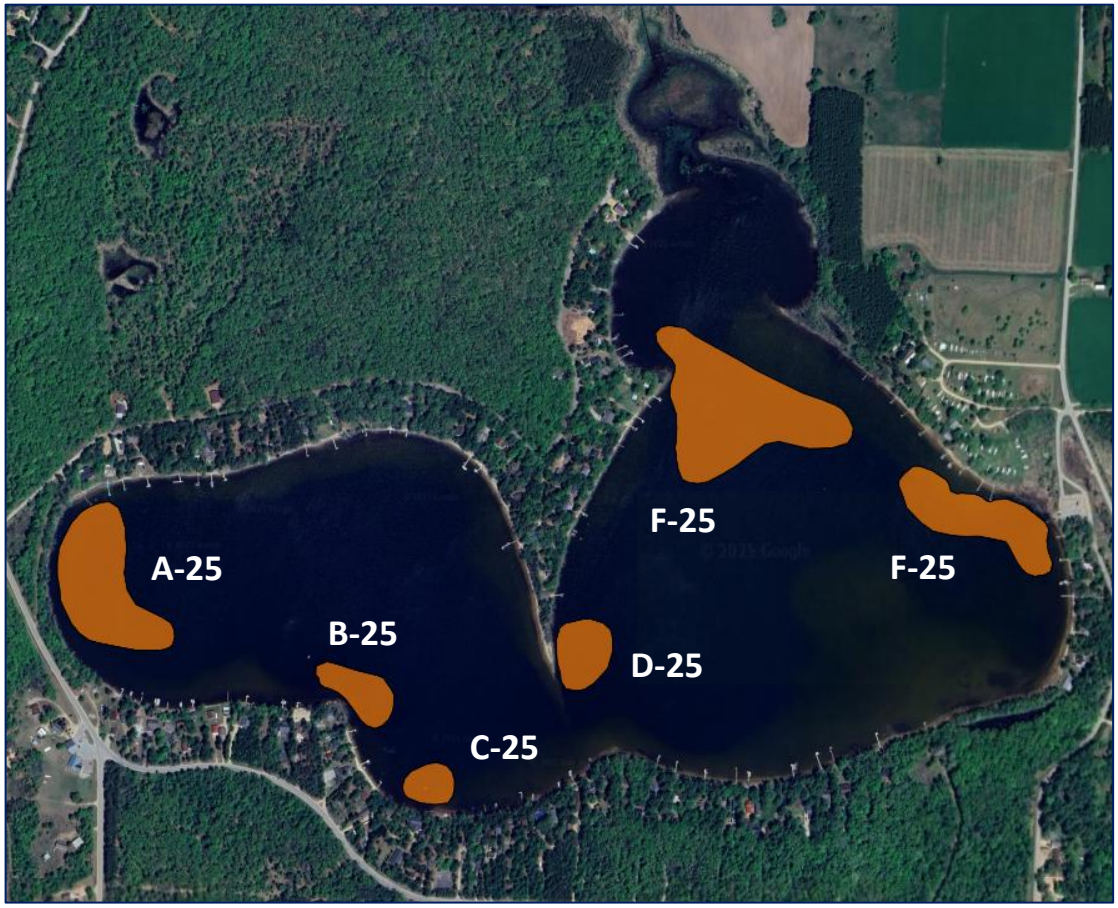
Berry Lake HWM Treatment Report 2025

PO Box 1134 Minocqua, WI 54548

Berry Lake HWM Treatment Summary

- The Berry Lake is a 209 acre lake in Oconto County, WI that has an extensive population of Hybrid Watermilfoil (HWM)
- In 2025 the Berry Lake Community District (BLCD) partnered with Aquatic Plant Management LLC (APM) to address the HWM population by conducting herbicide treatment of the HWM population with ProcellaCOR
- On June 10th, APM treated a total of 28.7 acres at 6 sites under ideal treatment conditions
- The BLCD should continue to use an Integrated Pest Management (IPM) approach when evaluating different tools to actively manage its HWM population

Treatment Summary



Treatment Overview
